

## **A5+ Economy Folder Front**

Your supplied picture  
and/or logo will be  
placed on this shaded  
part of the cover with a  
title (if required)  
positioned  
appropriately.

The front of the A5+ Folder is shown with the cover closed.

We can create your Artwork using supplied pictures/logo, and title- we'll work to enhance supplied files or we'll make good material even better! A stunning professional Presentation Folder will be created and supplied first as a pdf Proof for your approval, and then as a printed proof for a final check prior to production. Alternatively, you may supply Artwork yourself. Please ensure that this is saved as a high resolution pdf and that the print area stays within the greyed zone 10mm into the 220mm wide x 158.5mm high cover.

***Please go to the next page for details of the Back  
Cover and the Inside of your Folder***

The back of the A5+ Folder can be either left in plain white, or we can add your logo and contact details as shown:

Your Logo/Title  
contact details can show here with  
a colour matching style line here

Inside your A5+ Economy Folder, you may have Business Card Slots and your logo/contact details printed on the Pocket at no extra cost.

Inside your A5+ Economy Folder, in addition to the printed logo and contact details on the Pocket, you may also have colour print to the inside cover for a small extra charge (please see the price list).

***Please note that A5+ Folders do not support Portrait orientated Business Cards***
